ST. JOHN THE EVANGELIST  
CATHOLIC SCHOOL

### News and Views from Mr. Schmit

Greetings,

I hope your children have enjoyed the two days off from school this week. I felt like we have really hit our stride here in the school year but taking off two days for professional development has given our teaching staff an opportunity to pause, take a deep breath to learn, reflect, and receive blessings from God.

All of the Catholic schools of the Diocese took Thursday and Friday to accomplish some Professional Development because we were all scheduled to attend the Michigan Association of Non-Public Schools annual conference, which was obviously canceled. I made the decision to tackle some of our ongoing catechetical training. On Thursday, the school staff along with several members of the parish staff attended the Kerygma Encounter (Kerygma refers to the initial proclamation of the Gospel by the Apostles), put on by representatives of the Diocese. This retreat was a dual purpose retreat; we were able to encounter Christ through reflection on the scriptures, opportunities for personal prayer, and in Adoration while learning how to present the Gospel to our students. On Friday, we participated in a virtual Theology of the Body professional development with every school within the Diocese of Lansing. Our teachers continue to do amazing things with all their day to day duties, while keeping their State of Michigan certifications up-to-date all while fulfilling Diocesan requirements. We are blessed to have these wonderful educators working daily with our students!

Here is my rundown for the end of Week 8:

- The end of the first quarter is fast approaching. The first marking period ends on October 30.
- On October 30 students can dress up for Halloween. We will have our class parties on this day. At the end of the day (11:30 dismissal), ALL STUDENTS will be picked up in UPPER LOOP and cars will proceed through the drive in front of the school where volunteers will be passing out candy to our families. I know this is an adjustment to how we have been handling our pick-up procedures but this "costume parade" is a simple way we can still have a "community celebration" at this time.
- Parent Teacher Conferences will be held over Zoom on November 12 (Half Day of School). More information to follow.
- Since we didn't have students in the building the last two days, work was able to resume with the ongoing second floor HVAC upgrade. Also, more preliminary work was done to get several more bottle filling stations installed.
- Please remain vigilant with health protocols. The GCHD sent out communication asking for all of us to do our part to help prevent the spread now that we are seeing an uptick in positive COVID cases across the state, in particular in Genesee County.

Have a great weekend. Continue lifting our school community up in prayer, praying that we all can truly know and experience God's deep and profound love for us.

God bless,  
Andrew Schmit

## HALLOWEEN CELEBRATIONS

Due to our Phase 4 protocols, we will not be having our traditional Halloween festivities. We will still be celebrating, it will just look a little different this year.

On Friday, October 30th, each classroom (preschool to 8th grade) will be having a scaled down version of a Halloween party. We will not have parent volunteers in the classrooms, but teachers will reach out to homeroom parents to help coordinate items the class might need.

Since this is a half-day of school, students may arrive to school in costume. Face coverings will still be required along with their costume. Costumes should be life-affirming and non-violent. The following items should not be sent to school: toy weapons, face paint, or cans of spray hair dye.

Due to our Safe Food Policy, please do not send in any homemade baked goods or other foods prepared at home such as chocolate covered fruits, pretzels, etc. Teachers and /or homeroom parents will communicate what items are needed and approved for classrooms.

### IMPORTANT DISMISSAL INFORMATION FOR OCTOBER 30

All students will be dismissed in the Upper Loop on October 30th (half-day 11:30 dismissal). We will be wishing our students HAPPY HALLOWEEN and passing out goodies as families exit the loop. If you would like to donate candy for the goodie bags, please send your donation into the office no later than next Friday, October 23rd.

## SCRIP PROGRAM

Are you taking advantage of the SCRIP program to earn tuition credits? If not, you definitely should be. With the holidays quickly approaching, now is a perfect time to start.

The SCRIP program allows families to earn rebates by purchasing gift cards to shop at a variety of businesses that we frequent on a daily basis (gas, grocery, restaurants, and retail). Families purchase gift cards at face value and the PSA Scrip Coordinator tracks purchases and rebates. Tuition credits accumulate (you can track this in your scrip account) and the office will apply them to your tuition account twice per year.

To get started, you need to create an account at [shopwithscrip.com](http://shopwithscrip.com). Our school code is LE548F286872. You can explore the different retailers and gift cards available on the website. Please note that every retailer offers different rebates, different denominations, and some also offer e-gift cards in addition to the physical gift cards. E-gift cards are a GREAT option because you can purchase them right in the store and they will be delivered to your phone. (Or purchase them at home while you are online shopping).

Here at St. John School, our Scrip parent volunteers process weekly family orders. If you want to purchase physical gift cards, you must process your order this way. You log into your account to place your order. You must place this order and turn in a copy of your order to the office by 9 AM Monday morning. The gift cards will be delivered to the school and sent home on Friday afternoons. You can pay for these orders by sending a check to the school office with your order.

For instant access to e-gift cards, you can sign up for Presto-Pay by connecting your bank information to your Scrip account. Please note that it can take a couple of days to confirm your Presto-Pay information. There is a 15¢ fee per order to use Presto-Pay. You can also use Presto-Pay to pay for weekly orders so you do not have to send in a check.

Finally, once you have created an account, you can download the app "RaiseRight" for easier ordering from your phone. The app will also store all of your E-gift cards in one place. If you have questions about this program, please contact our Scrip Coordinator Candice Kelso at 810-691-8358 or contact the office.

Thank you to everyone who participated in National School Lunch Week. We had a successful week in our Food Service Department and sold a record number of student lunches for this year. We had fun giving away prizes to those who participated.

Thank you to Mrs. Davidson, Mrs. Olkowski, and Mrs. Flannery for all you do to keep our cafeteria running smoothly and providing daily meals for our students.
